

Hi Folks,

Several years ago my friend and business partner William Thompson passed away. Bill, the “billwith2ls” that most people knew him as was kind, giving, and very good-hearted. Bill was the CEO of Brevard Value Coupons. Together Bill and I owned the company. Our Goals were aligned and we were pushing hard to help others. We were building a business to reckon with. We worked tirelessly to create a reasonable business for the small businesses in Brevard county, trying to make a local economy of as many small business owners that were willing to follow us.

We were sad, to say the least when Bill left us and it has taken many years to get back in the swing of things but we are on the road to recovery. With inflation at an all-time high, it's time to get back into our local small business network. Here was Bill's last newsletter which still holds true today.

Thank you,

Kris Hestad CEO
Brevard Value Coupons, LLC

As CEO of Brevard Value Coupons, we are proud to announce that we are giving away a one-page website for a limited time for free. When you supply a business card to us we will give you two months free behind your business card. All we ask for you to do in return is to post signs in your store window and tell all your customers and friends that you are in a virtual mall. Another really good promotional tool that we will provide to you for free is one of our bumper stickers that you can use to advertise the new virtual mall that you have just entered. You can give these bumper stickers to all your customers to help spread the word about Brevard Value Coupons and tell customers to go there for all their shopping needs. BrevardValueCoupons.com has received over 250,000 visits in the past three months and we are growing daily. We also want to thank all the merchants for their support and participation in helping spread the word about this great virtual mall we have created. Our Goal and our Moto is **"Shop Local why NOT???"** and with your help, we can make that happen. Bringing business to small local businesses in Brevard county is our goal. Why should we give all our money to big monopolies that don't spend their wealth in our local areas? By shopping locally, we help the people that need the help the most.

The word is out! All merchants in Brevard county need to get behind this website and promote it because it will serve you well. Come find us on Facebook and “like us” post your daily thoughts and specials on our “Facebook” page and be a part of a GREAT marketing Plan to grow your business.
